Club News

Volume 9, Issue 2

The Spring 2009 Meeting featured Dan McCullough who spoke about his work with Cape Cod's homeless population. Dan is a philosophy professor at Cape Cod Community College and a regular columnist for the *Cape Cod Times*. For the past 20 years, Dan has been working with the homeless of the Cape area, and currently works as part of a team of three who on Wednesdays go and seek out some of the "hard core" homeless to attend to their medical needs, refer them to further medical care and other kinds of help. Dan was quite upbeat in his description of this interaction, including his frequent reaction to a positive response when he asks if a person has a history of mental illness. "Oh, that's great!" he says, forgetting for a moment how bizarre that might sound. But, according to Dan, "It's a lot easier to get assistance for someone with a documented mental illness diagnosis."

Congratulations to Phyllis Freeman '59 who, at her fiftieth reunion this May, received the Alumna Medal of Honor .

The cocktail reception held on August 2nd for President Joanne V. Creighton at the home of Mary Beth Topor Daniel '82 in Chatham was well attended by a varied group of alumnae, parents of students and friends. The President spoke briefly and was very positive about what lies ahead for the college, outlining some creative plans and expressing her confidence in the success of the current Campaign for Mount Holyoke.
